We've got the perfect home for you.

That's why we created a membership-based program called Secure@Home, an initiative of Jewish Family & Children's Service of Greater Mercer County (JFCS). It's a non-sectarian program that not only provides the peace of mind and security you want, but alleviates the concern family members and caregivers have for their aging parents.

Secure@Home is here to help you and your family in so many different ways. We'll coordinate the services you need to maintain your lifestyle.
